The future of the Council Owned seawall at Mōkau

My comments on the Mōkau Seawall

I believe that investing funds to protect the Tainui Wetere Domain from erosion would be a more effective use of resources. This area is increasingly attracting fishermen and beachgoers. There's great potential to create beautiful recreational spaces and additional walkways leading to the sandy riverbanks. This would provide a safer environment for families to enjoy, along with ample parking facilities. With high visibility from the road, it would naturally promote itself and boost revenue for the township through increased usage. It would be more cost effective and longer lasting
