Should we move the Awakino Transfer Station to Mōkau?

I agree with Option 2 - Keep the Transfer Station in Awakino

My feedback on the Awakino Transfer Station

Awakino is set up, Mokau site is currently behind a locked gate, is still a distance from toilets so not sure those people currently dumping rubbish by toilets will go down the road. Capital cost will be incurred to replicate Awakino infrastructure so waste of money. An alternative could be to convert the old toilet to a mini transfer station. Holiday periods are most troublesome so that might be managed by having a skip bin or compactor bin available there during that those times. Machinery could access from the back, the top of the bin could be at a convenient height for people to use. Part of my objection is the smell it could cause for residents.

Do you have any feedback on the Draft Annual Plan 2026-27?
