**Should we move the Awakino Transfer Station to Mōkau?**

I agree with Option 2 - Keep the Transfer Station in Awakino

**My feedback on the Awakino Transfer Station**

Ben Smit and our councillors have been told repeatedly at our Mokau Ratepayer meetings that the huge amounts of rubbish dumped BY the Mokau toilets behind the rubbish bins mainly/always happens over the holiday season. It isn't the locals and if it is locals then they should have been spoken with by now as there were cameras put in the area. Rubbish Dumps bring rats and will stink. House values around the dump will plummet. It's a rubbish dump so keep it out of our town. Yes, you need to increase the amount of rubbish pick ups during the busy times. So do it, that's your job. Moving the dump isn't going to change the amount of rubbish dumped over the holidays. Your saying that it would be more convenient for ratepayers to dump their rubbish in town. We pay for and have kerbside pick up. We use the transfer station for waste over and above our household refuse. User pays! The council says having the dump in town is easier? For whom? It's concerning when the council says it's for the ratepayers convenience that we're going to put it in town, because you know it just isn't. Keep the costs down by keeping the Te Kuiti dump open. Hampton downs is a long way from Te Kuiti or did the council get a 'good deal'? P.s (when was the closed Mokau dump last tested for leaching? or is this no longer a remediated landfill site under post closure monitoring?)
