Do you agree with our proposal to change the existing 80km/h speed limit on a section of Oparure Road to 50km/h permanently?

Yes

Other comments

I used to be one of the School Bus drivers that took the Oparure School kids out to it and then back into town, yes, put it down to 50kph, but you'll only slow those who'll obey the signs which is about half of car and ute drivers, 99% of truck drivers obey them. The "dip" is the main slow down item coming up to the school! The only way to slow them would be for the Police to do a blitz, but that won't happen because there's not enough of them, and they have more serious things to do. You could put speed bumps in, but then the truck drivers will hate you. It's just the way modern life is going, everybody is in hurry these days, and nothing really will happen till a child is run over, that's the way it seems to happen in New Zealand!
