## MEDICAL DEPENDENCY REGISTER

If you, or someone living with you, is dependant on Council water supply for critical medical support, it is in your best interests to complete our Medical Dependency Form which can be found along with an information guide, on our website or call our **Customer Services Centre on (07) 878 0800 or 0800 932 4357.**

We will put you on our Medical Dependency Register to aid your safety during any shutdown of water services that may occur.

## MINISTRY OF HEALTH NOTICE

Some plumbing fittings have the potential to allow minute traces of metals to accumulate in water standing in the fittings for several hours.

Although the health risk is small, the Ministry of Health recommends that you flush a mugful of water from your drinking-water tap each morning before use to remove any metals that may have dissolved from the plumbing fittings.

Waitomo District Council is recommending this simple precaution for all households, including those on public and private water supplies.
