What do you think about our plans for our projects and activities?

What do you think about our plans for finances and rates?

Any other comments?

Flower pot should not be a priority - there are other more urgent issues that need addressing There are lots of vehicles on the beach now - can council Please address the issue ? It is a safety issue and also damages the environment What is council's plan for the land the school is on if the school shuts down ? The rates are too high and people are moving out of the district because of this
