No

**The future of Waitomo District Landfill**

I agree with Option 1 - Continued disposal of waste and expansion of the landfill

**My comments on the Landfill**

Very short sighted to close the Landfill The rubbish comes from the region and us our responsibility to deal with , passing on the problem is not a morally correct decision The costs nod disposal outside the district May escalate creating a bigger burden on rate payers

**The future of the Council Owned seawall at Mōkau**

Option B - Rate Option 4 : Not replace the Mōkau seawall with General Rate /UAGC District Wide

**My comments on the Mōkau Seawall**

You cannot BEAT Mother Nature I see no benefit except to the neighbouring property owners reinstating this wall There are many other beach access points- that will require more maintenance locally If it's rebuilt -What's to stop the council not spending anymore of the set aside maintenance money on other things as in what happened over the past 10 years? The whole district gains by not having to maintain a feature that will not last I am happy in principle to pay fir such features in other coastal areas if there is a benefit to the community

**Reduce the District Wide Benefit Rate for water and wastewater**

Option 1: Reduce the District Wide Benefit Rates (Council's Preferred Option)

**My comments on reducing the District Wide Benefit Rates for water and wastewater**

User pays But regional and local capacity must be developed Currently hindering local growth

**Do you agree with our amendments to the Rates Remission Policy?**
