The future of Waitomo District Landfill

I agree with Option 1 - Continued disposal of waste and expansion of the landfill

My comments on the Landfill

We need to future proof our local landfill and keep it. Costs are not going to get cheaper. The quarry land is already there. Trucking the waste away to another site is causing more roading costs, dust, pollution etc and is there any guarantee the 'new' site will last the distance?

The future of the Council Owned seawall at Mōkau
