

1883.
NEW ZEALAND.

PETITION OF THE MANIAPOTO, RAUKAWA, TUWHA- RETOA, AND WHANGANUI TRIBES.

Presented to the House of Representatives, 26th June, and ordered to be printed.

[TRANSLATION.]

To the Governor of New Zealand and the Members of both Houses of Parliament.

This is a PETITION from us the MANIAPOTO, RAUKAWA, TUWHA-RETOA, and WHANGANUI TRIBES, to PARLIAMENT; GREETING.

Your petitioners pray that you will fully look into and carefully consider the matters which are the cause of much anxiety to us, and are raising a barrier in front of us, because these matters that are causing us anxiety have principally emanated from you, the Europeans, in the form of legislation.

We have carefully watched the tendency of the laws which you have enacted from the beginning up to the present day; they all tend to deprive us of the privileges secured to us by the second and third articles of the Treaty of Waitangi, which confirmed to us the exclusive and undisturbed possession of our lands.

We do not see any good in any of the laws which you have enacted affecting our lands, when they are brought into operation, in adjudicating upon lands before the Native Land Court at Cambridge and other places; and the practices carried on at the Land Courts have become a source of anxiety to us and a burden upon us.

Through our ignorance of those laws we have been induced by speculators (land-swallowers) and their agents to allow some of our lands to be adjudicated upon so that our lands might be secured to us.

Sirs, having allowed some of our lands to be adjudicated upon, who was it that became possessed of them? It is true that after the investigations the Natives received a certificate of title showing their right to the lands, but through the superior knowledge of the Europeans we accepted foolishly the lawyers recommended to us by the speculators (land-swallowers), thinking that they were to act in our interests, but in reality they were intended to prolong the investigations, thereby increasing the expenses to so great an extent that the Natives were unable to defray them, so that they (the speculators) might seize the land, the result being that we secure the shadow and the speculators (land-swallowers) the substance.

We are beset on every side by outrageous practices and the temptations we are exposed to by speculators and even Maoris and half-castes, whom the companies have secured to decoy us into the nets of the companies.

In our perplexity to devise some means by which we could extricate our lands from the disasters pointed out, we ask, is there not a law by which we could suppress these evils? and we are told that the only remedy is to go to the Court ourselves.

Now, while we are striving to keep our lands, we are aware that your Government is trying to open our country by making roads, carrying on trig. surveys and railways, thereby clearing the way for all these evils to be practised in connection with our lands before we have made satisfactory arrangements for the future.

Are we to allow the present system to be carried on without remonstrance?

We wish to state that, if the above-mentioned practices are to be carried on in future, we think that it would not be right that our land should be rendered liable to such an objectionable system.

What possible benefit would we derive from roads, railways, and Land Courts if they became the means of depriving us of our lands? We can live as we are situated at present, without roads, railways, or Courts, but we could not live without our lands.

We are not oblivious of the advantages to be derived from roads, railways, and other desirable works of the Europeans. We are fully alive to these advantages, but our lands are preferable to them all.

The matters set forth above are the cause of our anxiety.

During the present year certain persons were selected by the hapus to define the boundaries of our lands, and erect posts to mark out the lands still remaining to us, your petitioners, upon which the European, to the best of our knowledge, has no legal claim.

We, therefore, pray that your Honourable House will give effect to the following:—

1. It is our wish that we may be relieved from the entanglements incidental to employing the Native Land Court to determine our titles to the land, also to prevent fraud, drunkenness, demoralization, and all other objectionable results attending sittings of the Land Court.

2. That Parliament will pass a law to secure our lands to us and our descendants for ever, making them absolutely inalienable by sale.

3. That we may ourselves be allowed to fix the boundaries of the four tribes before mentioned, the hapu boundaries in each tribe, and the proportionate claim of each individual within the boundaries set forth in this petition, which are as follows:—

Commencing at Kawhia, from thence to Whitiua, thence over Pirongia to Pukehoua, thence to the mouth of the Maangaika, following up Waipa to the mouth of the Punui, along the Punui to the mouth of Wairaka, along Wairaka to Mangakaratu, from thence to Mangere, thence to the Waikato, following the Waikato to the mouth of Mangakino, thence still following the Waikato to Waipapa, thence to Parakiri, thence to Whanganui, thence to Tapoearoa, thence to Lake Taupo, following the course of Waikato in the centre of Lake Taupo to Motu-o-Apa, thence to Takakopuru, thence to Ngutumui, thence to Kopiha, thence to Whakamoenga, thence to Risks, thence to Matau, thence to Te Hirihiri, thence to Teuranga, following up Teuranga to its source, thence to the summit of Kaimanawa, thence to the source of Rangitikei, following down to Te Akeake, thence along the boundary of Ruumata to the source of the Moeawhango, following the boundary of Rangipo to Waipahiki, from thence into Waikato, following Waikato to Nukuhaupe, thence to Pareteaitonga, thence to Te Kohatu, thence to Makutia, thence to Te Rerenga-o-Toskoru, thence to Takutai, thence to Piopiatea, thence to Te Ihuharaha, thence to Te Hautawa, thence to Te Hunua, Mangunui, Te Murumuru, Te Iringa-o-te-Whiu, Te Makahiroi, Pukehou, and Hairau, thence into Whanganui, thence to Te Paparoa, along Paparoa Stream to Maangana-whatiwhina, thence to Paparoa, thence to Makahikatua, thence over Te Upoko-o-Purangi to Te Baakerikeri, thence to Puta-o-Hapi, Te Arawaere, thence to the source of Pikepiko, thence to Te Tarua te Kaikoars, Te Patunga-o-Hikairo, Te Kiekie, Ohura, Te Whauwhau, Kokopu, Oheno, thence over the Motumaire Ridge into Taungaraken, along Taungaraken to the mouth of Waitanga, following Waitanga to Te Rerepahupahu, following Rerepahupahu to Opuhukoura to Te Hunua, thence to Te Rotowharn, Matai, Waitara, Waipingao, following Waipingao out to the coast, thence twenty miles out to sea, and then taking a northerly course twenty miles at sea to Kawhia, the starting-point.

When these arrangements relating to land claims are completed, let the Government appoint some persons vested with power to confirm our arrangements and decisions in accordance with law.

If, after any individual shall have had the extent of his claim ascertained, he should desire to lease, it should not be legal for him to do so privately, but an advertisement should be duly inserted in any newspaper that has been authorized for the purpose, notifying time and place where the sale of the lease of such land will be held, in order that the public may attend the sale of such lease.

There is no desire on our part to keep the lands within the boundaries described in this petition locked up from Europeans, or to prevent lensing, or roads from being made therein, or other public works being constructed, but it is our desire that the present practices that are being carried on at the Land Courts should be abolished.

We wish you to understand that, if our petition is granted, we will strenuously endeavour to follow such a course as will conduce to the welfare of this Island.

And your petitioners will ever pray, &c.
