Other comments:

I suggest the marae is used less than 20% of a year (300 plus days no activity). As it is now warden(s) put out road cones when there is a event taking place. The presence of the cones slows traffic. Perhaps a EVENT sign could erected either side of marae as well.

School in my twenty years I have never seen a pupil on the edge of Oparure Road. With school set well back from road and the adjacent driveway running parallel to Oparure Road elevates the road for pupils to be anywhere the road. I have been told 95% of pupils bus/ van to and from the school thus the reason they are not seen along Oparure Road.
