

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
31.01	Transpower	Support	9. Definitions	Earthworks	Retain the definition for 'Earthworks'.
31.02	Transpower	Support	9. Definitions	Functional need	Retain the definition for 'Functional need'.
31.03	Transpower	Support	9. Definitions	Land disturbance	Retain the definition for 'Land disturbance'.
31.04	Transpower	Support	9. Definitions	Maintenance (in relation to network utilities)	Retain the definition for 'Maintenance (in relation to network utilities)'.
31.05	Transpower	Support	9. Definitions	Minor upgrade (in relation to existing energy activities)	Retain the definition for 'Minor upgrade (in relation to existing energy activities)'.
31.06	Transpower	Support	9. Definitions	National Grid	Retain the definition for 'National Grid' and capitalise the first letter of each term. And Any consequential amendments.
31.07	Transpower	Support	9. Definitions	National grid subdivision corridor	Retain the definition of 'National Grid Subdivision Corridor' and capitalise the first letter of each term. And Any consequential amendments.
31.08	Transpower	Support	9. Definitions	National grid yard	Retain the definition of 'National Grid Yard' and capitalise the first letter of each term.
31.09	Transpower	Support	9. Definitions	Network utility operator	Retain the definition of 'Network utility operator'.
31.10	Transpower	Support	9. Definitions	Operational need	Retain the definition of 'Operational need'.
31.11	Transpower	Support	9. Definitions	Regionally significant infrastructure	Retain the definition of 'Regionally significant infrastructure' and capitalise the first letter of each term as follows: Regionally Significant Infrastructure (RSI). And Any consequential amendments.
31.12	Transpower	Amend	9. Definitions	Transmission sensitive activity(ies)	Retain the definition of 'Transmission sensitive activity(ies)', And Amend the definition of 'Transmission sensitive activity(ies)' as follows: (f) Educational (including childcare) facilities.

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
					<p>(h) Tourism facilities, outdoor education activities and recreational hunting.</p> <p>...</p> <p>(i) Other venues or areas where larger numbers of people are intermittent and in larger numbers than the general location or area.</p> <p>And</p> <p>Any consequential amendments.</p>
31.13	Transpower	Amend	9. Definitions	New Definition- Reverse Sensitivity	<p>Add a definition for 'Reverse Sensitivity' as follows:</p> <p><u>means the potential for an approved, existing or permitted activity to be compromised or constrained, by the more recent establishment or alteration of another activity which may be sensitive to the actual, potential or perceived adverse environmental effects generated by the approved, existing or permitted activity.</u></p> <p>And</p> <p>Any consequential amendments.</p>
31.14	Transpower	Amend	9. Definitions	New Definition- Transmission line	<p>Add a definition for 'Transmission line' as follows:</p> <p><u>has the same meaning as provided in the Resource Management (National Environmental Standards for Electricity Transmission Activities) Regulations 2009.</u></p> <p>And</p> <p>Any consequential amendments.</p>
31.15	Transpower	Support	12. National policy statement and New Zealand Coastal Policy Statement	National Policy Statement on Electricity Transmission 2008	<p>Retain the reference to National Policy Statements in the National Direction Instruments chapter, and specifically the inclusion of reference to the National Policy Statement for Electricity Transmission 2008.</p>
31.16	Transpower	Amend	13. National environmental standards	National environmental standards	<p>Retain the reference to the Resource Management (National Environmental Standards for Electricity Transmission Activities) Regulations 2009 in the National Direction Instruments chapter.</p> <p>And</p> <p>Amend the reference to the Resource Management (National Environmental Standards for Electricity Transmission Activities) Regulations 2009 in the National Direction Instruments chapter as follows:</p> <p>National Environmental Standards (NES's) are prepared by Central Government and can prescribe technical standards, methods (including rules) and/or other requirements for environmental</p>

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
					<p>matters throughout the whole country or specific areas. If an activity doesn't comply with a NES, it is likely to require a resource consent. NES's must be observed and enforced by local authorities. <u>The relationship between the NES and the district plan rules are prescribed in the NES itself and the RMA.</u></p> <p>The following NESs are currently in force:</p> <p>...</p> <ul style="list-style-type: none"> Resource Management (National Environmental Standards for Electricity transmission Activities) Regulations 2016 2009'. <p>And</p> <p>Any consequential amendments.</p>
31.17	Transpower	Amend	16. Strategic direction, urban form and development	Overview	<p>Amend the introductory text in the Strategic direction, urban form and development chapter as follows:</p> <p>Overview.</p> <p>The objectives in this chapter have the same status as all other objectives in the plan but provide strategic guidance across the district.</p> <p>And</p> <p>Any consequential amendments.</p>
31.18	Transpower	Support	16. Strategic direction, urban form and development	SD-016	Retain SD-016.
31.19	Transpower	Support	16. Strategic direction, urban form and development	SD-030	Retain SD-030.
31.20	Transpower	Amend	17. Energy, Infrastructure and Transport	Energy, Infrastructure and Transport	<p>Amend Chapter 17 Energy, Infrastructure and Transport to appropriately recognise and provide for renewable generation activities in support of Strategic Direction SD-016.</p> <p>And</p> <p>Any consequential amendments.</p>
31.21	Transpower	Support	18. National electricity and gas transmission	National Electricity and Gas Transmission	<p>Retain Chapter 18 National Electricity and Gas Transmission subject to the amendments outlined in subsequent submission points.</p> <p>And</p> <p>Any consequential amendments.</p>

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
31.22	Transpower	Amend	18. National electricity and gas transmission	Overview	<p>Amend paragraph two of the Overview text in Chapter 18. National Electricity and Gas Transmission as follows:</p> <p>How land is used within and adjacent to these corridors can significantly affect network operation, maintenance, and access. These networks can be sensitive to a range of actual and potential effects generated by adjacent activities. Conversely, locating some activities within close proximity to these corridors must be avoided to minimise risks to people's health and safety. There are three Sites or Areas of Significance to Māori and one site zoned Māori Purpose Zone that is on land within the identified <u>gas transmission</u> corridors. Provisions have been added to this Chapter to ensure activities in these locations are not unintentionally restricted.</p> <p>And</p> <p>Any consequential amendments.</p>
31.23	Transpower	Support	18. National electricity and gas transmission	NEGT-O1	Retain NEG-T-O1.
31.24	Transpower	Support	18. National electricity and gas transmission	NEGT-P1	Retain NEG-T-P1.
31.25	Transpower	Amend	18. National electricity and gas transmission	NEGT-P2	<p>Retain NEG-T-P2.</p> <p>And</p> <p>Add a new clause to NEG-T-P2 as follows: NEG-T-P2 Manage activities, buildings, structures and earthworks for any other activity within the National Grid Yard to: ... 5. Avoid potential for reverse sensitivity effects on the National Grid; <u>and</u> 6. Achieve compliance with the New Zealand Electrical Code of Practice for Electrical Safe Distances (NZECP 34:2001).</p> <p>And</p> <p>Any consequential amendments.</p>
31.26	Transpower	Support	18. National electricity and gas transmission	NEGT-P6	Retain NEG-T-P6.

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
31.27	Transpower	Support	18. National electricity and gas transmission	<p><i>Clarification note: The rules in NEG-T - Table 1 apply within the National Grid Yard and within specified distances from the gas transmission pipelines and network. To undertake any activity, it must comply with all the rules listed in:</i></p> <ul style="list-style-type: none"> • <i>NEG-T - Table 1 - Activities Rules; and</i> • <i>Any relevant provision in Part 2 District-Wide Matters; and</i> • <i>Any relevant provision in Part 3 Area Specific Matters;</i> 	Retain introductory text to the rules in NEG-T-Table 1.
31.28	Transpower	Amend	18. National electricity and gas transmission	NEG-T-R1	<p>Amend NEG-T-R1 as follows: NEG-T-R1. Earthworks, vertical holes or land disturbance within the National Grid Yard. Activity status: PER Where: 1. Earthworks, vertical holes or land disturbance within the National Grid Yard must not: Nothing in this rule shall limit Māori cultural and customary uses and burials in sites or areas of significance to Māori or in the Māori purpose zones identified on the planning maps. Activity status where compliance is not achieved: NC</p> <p>And</p> <p>Any consequential amendments.</p>
31.29	Transpower	Amend	18. National electricity and gas transmission	NEG-T-R2	<p>Amend NEG-T-R2(3) as follows: NEG-T-R2. Buildings structures within the National Grid Yard Activity status: PER Where: ... 3. For the avoidance of doubt, any building or structure used for the handling or storage of Class 1-4 Substances (Hazard Classification) Notice 2020 Regulations 2001) with explosive or flammable intrinsic properties is a non-complying activity, except this does not apply to the accessory use and storage of hazardous substances in domestic scale quantities.</p> <p>3. Activity status: <u>NC</u> where compliance is not achieved: <u>NC</u> Where: (i) <u>Compliance with NEG-T-R2.1 and NEG-T-R2.2 is not achieved;</u> (ii) <u>The building or structure within the National Grid Yard is used for the handling or storage of Class 1-4 hazardous substances (Hazardous Substances (Hazard Classification) Notice 2020) with explosive or flammable intrinsic properties (except this does not apply to the accessory use and storage of hazardous substances in domestic-scale quantities);</u></p>

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
					<p>(iii) <u>The building or structure proposed within the National Grid Yard is a wintering barn, commercial greenhouse, immovable protection canopy, produce packing facility or milking shed;</u></p> <p>(iv) <u>The proposal is for any building or structure not otherwise provided for.</u></p> <p>And</p> <p>Any consequential amendments.</p>
31.30	Transpower	Support	18. National electricity and gas transmission	NEGT-R3	Retain NEG-T-R3.
31.31	Transpower	Support	18. National electricity and gas transmission	NEGT-R4	Retain NEG-T-R4.
31.32	Transpower	Support	19. Network utilities	Overview	Retain the Overview to Chapter 19. Network Utilities as it relates to the National Grid and the NPSET.
31.33	Transpower	Support	19. Network utilities	NU-01	Retain NU-01.
31.34	Transpower	Support	19. Network utilities	NU-02	Retain NU-02.
31.35	Transpower	Amend	19. Network utilities	NU-03	<p>Retain the intent of NU-03 but separate the National Grid into its own specific objective as follows: NU-03. The national significance and benefits of the National Grid and gas transmission network are recognised and provided for.</p> <p>NU-03a. The national significance and benefits of the National Grid and gas transmission network are recognised and provided for.</p> <p>And</p> <p>Any consequential amendments.</p>
31.36	Transpower	Support	19. Network utilities	NU-P1	Retain NU-P1.
31.37	Transpower	Support	19. Network utilities	NU-P2	Retain NU-P2.
31.38	Transpower	Support	19. Network utilities	NU-P7	Retain NU-P7 on the basis of the provision of specific National Grid policies (NU-P20-22).
31.39	Transpower	Support	19. Network utilities	NU-P8	Retain NU-P8 on the basis of the provision of specific National Grid policies (NU-P20-22).
31.40	Transpower	Amend	19. Network utilities	NU-P9	<p>Amend NU-P9 as follows: For roads in all locations and all land located outside of overlays, scheduled sites and features, manage the adverse effects of network utilities whilst taking into account their functional and operational needs, by:</p> <ol style="list-style-type: none"> 1. Controlling the height, bulk and location of network utilities in a manner that <u>minimises to the smallest amount reasonably practicable</u> any adverse effects on the anticipated outcomes for the receiving environment including the role, function, character and identified qualities of the zone or precinct; and 2. <p>And</p> <p>Any consequential amendments.</p>

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
31.41	Transpower	Amend	19. Network utilities	NU-P10	Amend NU-P10 as follows: Ensure the location, scale and operation of <u>new</u> network utilities and their ancillary activities avoid, remedy or mitigate adverse effects on nearby sensitive activities as far as <u>reasonably practicable</u> by: ... AND Any consequential amendments.
31.42	Transpower	Support	19. Network utilities	NU-P11	Retain NU-P11 on the basis of the provision of specific National Grid policies (NU-P20-22).
31.43	Transpower	Support	19. Network utilities	NU-P12	Retain NU-P12.
31.44	Transpower	Support	19. Network utilities	NU-P13	Retain NU-P13.
31.45	Transpower	Support	19. Network utilities	NU-P14	Retain NU-P14.
31.46	Transpower	Support	19. Network utilities	NU-P19	Retain NU-P19.
31.47	Transpower	Amend	19. Network utilities	NU-P20	Amend NU-P20 as follows: Enable the operation, maintenance and minor upgrade and repair of the National Grid. <u>In the event of any conflict with any other policies within the plan, NUP20, NU-P21 and NU-P22 take precedence.</u> And Any consequential amendments.
31.48	Transpower	Amend	19. Network utilities	NU-P21	Add a new clause to NU-P2 as follows: Provide for the upgrading of the National Grid by: ... <u>6. In the event of any conflict with any other policies within the plan, NUP20, NUP21 and NU-P22 take precedence.</u> And Any consequential amendments.
31.49	Transpower	Amend	19. Network utilities	NU-P22	Amend NU-P22 as follows: Provide for the development of the National Grid: ... 3(iii) Seeking to avoid significant adverse effects on: i. SCHED11 — areas of high/very high natural character, SCHED9 — landscapes of high amenity value and SCHED12 — karst overlay; other areas of natural character in the coastal environment and ii. SCHED1 — heritage buildings and structures, SCHED2 — significant archaeological sites, SCHED3 and SCHED 4 — sites of significance to Māori; natural attributes and characteristics of other natural features and landscapes in the coastal environment; iii. indigenous biodiversity values that meet the criteria in Policy 11(b) of the NZCPS 2010; and iv. Avoiding, remedying or mitigating other adverse effects to the extent practicable; and <u>4. Remedying or mitigating other adverse effects to the extent practicable; and</u> ... 6. Other than policies relating to the coastal environment, In the event of any conflict with any other policies within the plan, NUP20, NU-P21 and NU-P22 take precedence. And

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
					Any consequential amendments.
31.50	Transpower	Support	19. Network utilities	Overview (rules)	Retain the introductory text to the rules in NU-Rules.
31.51	Transpower	Support and Amend	19. Network utilities	NU-R1 National Grid existing electricity transmission lines	Retain NU-R1.
31.52	Transpower	Support	19. Network utilities	NU-R4 New and extended or upgraded access tracks	Retain NU-R4.
31.53	Transpower	Support	19. Network utilities	NU-R19 New overhead lines and associated poles or towers	Retain NU-R19.
31.54	Transpower	Support	19. Network utilities	NU-R20	Retain NU-R20.
31.55	Transpower	Support and Amend	19. Network utilities	NU-R30	Amend NU-R30 to clarify the activities anticipated to be subject to NU-R30, and amend the activity status to discretionary should it apply to any National Grid activities. Or Amend NU-R30 to clearly state it does not apply to the National Grid. And Any consequential amendments.
31.56	Transpower	Support and Amend	19. Network utilities	NU-R33	Amend NU-R33 to make earthworks associated with the National Grid no worse than a discretionary activity. And Any consequential amendments.
31.57	Transpower	Support and Amend	19. Network utilities	NU-R37	Amend NU-R37 to make the activity status to make removal of indigenous vegetation associated with the National Grid no worse than a Discretionary activity. And Any consequential amendments.
31.58	Transpower	Support	19. Network utilities	NU-R38	Retain NU-R38.
31.59	Transpower	Support	19. Network utilities	NU-R39	Retain NU-R39.
31.60	Transpower	Support	19. Network utilities	NU-R40	Retain NU-R40.
31.61	Transpower	Support	22. Hazardous substances	HS-R2	Retain HS-R2.
31.62	Transpower	Support and amend	26. Ecosystems and indigenous biodiversity	Whole chapter, but specifically ECO-01, ECO-04, ECO-05, ECO-P1, ECO-P2, ECO-P3, ECO-P4, ECO-P5, ECO-P6, ECO-P11, and ECO-P13	Amend Chapter 26 Ecosystems and Indigenous Biodiversity to recognise the National Grid, specifically ECO-01, ECO-04, ECO-05, ECO-P1, ECO-P2, ECO-P3, ECO-P4, ECO-P5, ECO-P6, ECO-P11, and ECO-P13 to give effect to the NPSET, in the event that the specific Chapter 19. National Grid policies do not prevail. And

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
					Any consequential amendments.
31.63	Transpower	Support and amend	27. Natural character	Chapter and NATC-P1 and P2	Amend Chapter 19 - Natural Character to recognise the National Grid, specifically NATC-P1 and NATC-P2, to give effect to the NPSET, in the event that the specific Chapter 19 National Grid policies do not prevail. And Any consequential amendments.
31.64	Transpower	Amend	28. Natural features and landscapes	Chapter and NFL-P1, P3 and P4	Amend Chapter 28 - Natural Features and Landscapes to recognise the National Grid, specifically NFL-P1 and NFL-P3 to give effect to the NPSET, in the event that the specific Chapter 19 National Grid policies do not prevail. And Any consequential amendments.
31.65	Transpower	Support	29. Subdivision	Objectives SUB-010	Retain SUB-010.
31.66	Transpower	Support	29. Subdivision	Policies SUB-P3	Retain SUB-P3.
31.67	Transpower	Amend	29. Subdivision	Policies Sub-P31	Delete reference to the National Grid from SUB-P31 as follows: Provide for the National Grid electricity transmission network and the gas transmission network by ensuring subdivision does not compromise its ongoing operation, maintenance and development. And Add a new National Grid specific subdivision policy as follows: SUB-PX <u>Manage subdivision within the National Grid Subdivision Corridor to avoid subsequent land use activities from compromising the efficient operation, maintenance, upgrading and development of the National Grid, and avoid the potential for reverse sensitivity effects on the National Grid.</u> And Any consequential amendments.
31.68	Transpower	Support	29. Subdivision	SUB-R1.1 to R1.20, the matters over which discretion is restricted	Retain SUB-R1.1 to SUB-R1.20. Or Add additional criteria to rule SUB-R1.1 to R1.20 to address the matters within SUB-PX, should cross reference to SUB-PX not be provided within the National Grid specific rule SUB-RX (sought below in submission point 31.69). And Any consequential amendments.

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
31.69	Transpower	Oppose	29. Subdivision	SUB-R1	Add a new rule SUB-RX for subdivision of land to create new allotment(s) within the National Grid Subdivision Corridor (see submission for specific wording of the new rule). And Any consequential amendments.
31.70	Transpower	Oppose	29. Subdivision	SUB-R10, Subdivision within the National Grid Subdivision Corridor or in the vicinity of the gas transmission network - All zones	Delete reference to the National Grid from SUB-R10 as follows: Subdivision within the National Grid Subdivision Corridor or in the vicinity of the gas transmission network Activity status: DIS Where: 1. The subdivision occurs on an allotment which: (j) Cannot demonstrate that all resulting allotments are capable of accommodating a building platform for any building(s), which is located wholly outside the National Grid Yard; and/or (ii) Cannot demonstrate that all resulting And Add a new rule SUB-RX as outlined in the submission point 31.69. And Any consequential amendments.
31.71	Transpower	Amend	32. Coastal environment	Chapter and CE-P1, P3, P5, P6 and P7	Amend Chapter 32 - Coastal Environment to recognise the National Grid, specifically CE-P1, CE-P3, CE-P5, CE-P6 and CE-P7, to give effect to the NPSET in the event that the specific Chapter 19 National Grid policies do not prevail And Any consequential amendments.
31.72	Transpower	Support	33. Earthworks	Rules-Overview	Retain the overview and approach in the Earthworks chapter to manage earthworks in relation to the National Grid.
31.73	Transpower	Support	33. Earthworks	EW-P1	Retain EW-P1.
31.74	Transpower	Support	33. Earthworks	EW- P3	Retain EW-P3.
31.75	Transpower	Support	33. Earthworks	EW- P4	Retain EW-P4.
31.76	Transpower	Support	Part 3, Area Specific Matters and Part 4, Appendices and Maps	Mapping and Designations National Grid line	Retain the identification of the National Grid line on the planning maps.
31.77	Transpower	Support	55. Designations	TPR01	Retain designation TPR01.

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
32.01	Horizons Regional Council (Horizons)	Support	23. Natural hazards	NH-O1	No specific decision sought, but submission supports NH-O1.
32.02	Horizons	Support	23. Natural hazards	NH-O4	No specific decision sought, but submission supports NH-O4.
32.03	Horizons	Support	23. Natural hazards	NH-O5	No specific decision sought, but submission supports NH-O5.
32.04	Horizons	Support	23. Natural hazards	NH-P12	No specific decision sought, but submission supports NH-P12.
32.05	Horizons	Support	23. Natural hazards	NH-P13	No specific decision sought, but submission supports NH-P13.
32.06	Horizons	Support	23. Natural hazards	NH-P11	No specific decision sought, but submission supports NH-P11 which acknowledges the presence and potential impact of natural hazards outside these defined areas and appears to signal an adaptive management approach.
32.07	Horizons	Support	23. Natural hazards	High Risk Flood Zone	Amend the Proposed District Plan to clarify the outcome of the modelling and whether or not the 1% AEP takes into account the 8.5 RCP in the HRFZ provision which would more closely resemble the policy intent of the One Plan's 0.5% AEP. And Any alternative or consequential amendments to achieve the outcomes sought.
33.01	King Country Energy (KCE)	Support with amendment	9. Definitions	Community scale renewable electricity activities	Amend the definition for 'community scale renewable electricity activities' as follows: community scale renewable electricity generation activities – means a renewable electricity <u>generation</u> activity intended to supply...

Submission no	Submitter	Support / in part / oppose	Plan section	Plan provision	Relief sought
33.02	KCE	Support	9. Definitions	Minor upgrade (in relation to existing energy activities)	Retain definition for 'minor upgrade' as notified.
33.03	KCE	Support	9. Definitions	Regionally significant infrastructure	Retain definition for 'regionally significant infrastructure' as notified.
33.04	KCE	Support	9. Definitions	Renewable energy	Retain definition for 'renewable energy' as notified.
33.05	KCE	Support with amendment	9. Definitions	Renewable energy exploration activities	Amend the definition for 'renewable energy exploration activities' as follows: means activities to monitor and measure solar, wind, hydroelectricity or geothermal <u>or other</u> energy sources for potential renewable electricity generation activities.
33.06	KCE	Support with amendment	9. Definitions	Renewable electricity generation activities	Amend the definition for 'renewable electricity generation activities' definition as follows: means the construction, operation and maintenance of structures associated with renewable electricity generation. This includes small and community scale <u>distributed renewable electricity generation</u> activities and the system of electricity conveyance <u>required to convey electricity to</u> the distribution network, and/or the national grid and <u>electricity storage technologies associated with renewable electricity.</u>
33.07	KCE	Support with amendment	17. Energy	ENGY - Overview	Amend the Overview of the Energy chapter to provide for large scale energy activities within identified outstanding natural features and areas of outstanding natural character, to be considered as a discretionary activity.
33.08	KCE	Support	17. Energy	ENGY-O1	Retain ENGY-O1 as notified.
33.09	KCE	Support	17. Energy	ENGY-O2	Retain ENGY-O2 as notified.
33.10	KCE	Support	17. Energy	ENGY-O3	Retain ENGY-O3 as notified.
33.11	KCE	Support	17. Energy	ENGY-O4	Retain ENGY-O4 as notified.
33.12	KCE	Support with amendment	17. Energy	ENGY-P1	Amend ENGY-P1 as follows: Enable the ongoing operation, maintenance, repair and minor upgrade of existing renewable electricity generation activities within the

Submission no	Submitter	Support / in part oppose	Plan section	Plan provision	Relief sought
					district, providing significant adverse effects on the environment are avoided, remedied or mitigated.
33.13	KCE	Support	17. Energy	ENGY-P2	Retain ENGY-P2 as notified.
33.14	KCE	Support	17. Energy	ENGY-P3	Retain ENGY-P3 as notified.
33.15	KCE	Support with amendment	17. Energy	ENGY-P4	Amend ENGY-P4 as follows: ...matters to considered include: 1. The benefits of the activity, recognising that <u>the national, regional or local</u> benefits may offset <u>adverse effects on anticipated changes in</u> amenity; and ... 7. <u>The contribution of the activity to District, Regional and National needs and security of supply.</u>
33.16	KCE	Oppose	17. Energy	ENGY-P5	Amend ENGY-P5 to read: Allow activities associated with the investigation, identification and assessment of potential sites and energy sources for renewable electricity generation, however they must be avoided within <u>the following areas, unless any adverse effects associated with them are no more than minor in scale:</u> ...
33.17	KCE	Oppose	17. Energy	ENGY-P6	Delete ENGY-P6.
33.18	KCE	Support with amendment	17. Energy	ENGY-P7	Amend ENGY-P7 as follows: Manage new development and land use activities near existing renewable electricity generation activities to <u>avoid minimise</u> reverse sensitivity effects.
33.19	KCE	Support with amendment	17. Energy	ENGY-P8	Amend ENGY-P8 as follows: <u>Avoid dDevelopment that does not must</u> comply with the flightpath height restrictions for the Te Kūiti Aerodrome.
33.20	KCE	Support with amendment	17. Energy	ENGY-P9	Retain ENGY-P9, while considering its incorporation into another policy or rule.
33.21	KCE	Support	17. Energy	ENGY-P10	Retain ENGY-P10 as notified.

Submission no	Submitter	Support / in part oppose	Plan section	Plan provision	Relief sought
33.22	KCE	Oppose	17. Energy	ENGY-P12.4	Delete ENGY-P12.4.
33.23	KCE	Support with amendment	17. Energy	ENGY-P13	Amend ENGY-P13 as follows: Within the rural production zone where the the removal...
33.24	KCE	Support	17.. Energy	ENGY-P14	Retain ENGY-P14 as notified.
33.25	KCE	Support with amendment	17 Energy	ENGY-P15	Amend ENGY-P15 as follows: Ensure the scale and location of any expansion of an existing hydro <u>electricity generation activity</u> facility located within the rural production zone: does not adversely affect local character or amenity by: ... 3.Ensuring that industrial buildings are designed as far as practicable to not overshadow or overly dominate the wider surrounding area.
33.26	KCE	Support with amendment	17. Energy	ENGY-R1	Amend ENGY-R1 as follows: The operation, maintenance, repair, replacement, minor upgrade, demolition or removal of existing buildings and structures of any existing <u>renewable electricity energy</u> generation activity.
33.27	KCE	Support with amendment	17. Energy	ENGY-R2	Amend ENGY-R2 as follows: The operation, maintenance, repair, replacement, and minor upgrade of an existing hydro-electricity generation activity infrastructure identified on the Planning Maps.....
