Introduce a targeted or differential rate on the District Roding Rate -

Which option do you prefer? :

Option 2 (our preferred option)

My comments on this proposal

I am a forestry block owner through Greenplan Forestry Limited. While I understand the need to more accurately reflect actual costs related to logging trucks on these roads, I consider that the proposed rise in costs (Greenplan tells me that this will be over 1100% on the current rating) is unwarranted. Assuming that the data is correct for the fair and actual costs of logging activity, then this type of cost increase needs to be slowly phased in over a number of years.
