

# SUBMISSION FORM

**FULL NAME**

**ORGANISATION (If appropriate)**

**PHONE**

**POSTAL ADDRESS**

**EMAIL**

**DATE**

**SIGNATURE**

Please tick as appropriate. If neither of the boxes are ticked, it will be considered that you do not wish to be heard.

**I WISH TO SPEAK TO COUNCIL ABOUT MY SUBMISSION**       **I DO NOT WISH TO SPEAK IN SUPPORT OF MY SUBMISSION**

**PLEASE REMOVE THESE SUBMISSION PAGES (25-28) AND RETURN TO WDC BY 5PM, FRIDAY MAY 4<sup>TH</sup> 2018.**  
 FREEPOST 112498  
 WAITOMO DISTRICT COUNCIL  
 QUEEN STREET, PO BOX 404, TE KUITI 3941

**INDICATE WHICH OPTION YOU SUPPORT FOR OUR SIX PROPOSALS:**

**1 SAFE COMMUNITIES**

Council proposes the local establishment of an accredited Safe Community programme using the Safe Communities model. Refer page 9.

Which option do you choose?

**OPTION 1 (PREFERRED OPTION)**

Council should pursue Safe Communities accreditation to support the development of our communities.

OPTION 1

**OPTION 2:**

Council should not pursue the safe communities accreditation.

OPTION 2

**OPTION 3:**

Council should make the Safe Communities initiative an even greater priority and allocate more funding towards it?

OPTION 3

MY COMMENT:

I wholly support the Safe Communities Model - especially regards youth, BUT I believe it is as important or even more important to develop a "Youth Employment" programme in the town, perhaps along the lines of Dale Williams' programme when he was involved in Otorohanga, so youth are easily able to work & liaise with Waitomo District employers with the hope of getting employment here.

This would be developing positivity & encouraging growth for our young people.

By emphasising and promoting and strongly supporting positive outcomes and a promising future for our youth, we will correspondingly reduce much of the negative behaviours we see in our community.

Therefore please find/put additional funding into a Highschool or young school leaver liaison "Youth Employment Programme instead of Option 3 AND keep Option 1.

PLEASE NOTE: Submissions received on the 2018-28 Long Term Plan, will be made publicly available as required by the Local Government Act 2002 and subject to the Local Government Official Information and Meetings Act 1987. This will include name and address of submitters.

# SUBMISSION FORM

## 2 NORTH KING COUNTRY SPORTS AND RECREATION CENTRE

The Game on Charitable Trust (GoCT) proposes the development of the North King Country Indoor Sport and Recreation Centre (the Sports Centre) in Te Kuiti. Council has been invited to provide funding for that development. Refer pages 10-11.

Which option do you choose?

### OPTION 1 (PREFERRED OPTION)

Council should provide a maximum capital funding grant to the GoCT of \$1.5 million, with \$1 million provided in 2018/19 year and \$500,000 in 2019/20 under the proviso that if the GoCT are able to source additional funding from other benefactors then Council would contribute less?

OPTION 1

### OPTION 2:

Council should not provide any capital funding for the sports centre.

OPTION 2

## 4 RATES REMISSION POLICY

We are proposing to establish a new remission category that provides rates remission of up to 50% for one year to new businesses or new developments established within the past 12 months. Council's objective in establishing this remission category is to promote employment and economic development within the District.

We are also proposing a new remission category that provides relief to properties that have been detrimentally affected by erosion, subsidence, submersion, earthquake or other calamities. The objective of establishing this remission category is to assist ratepayers affected by events outside of their control and as the consequence of a natural calamity. Refer page 13.

Council should introduce the new categories for remission into the Rates Remission Policy.

Yes  No

## 3 ECONOMIC DEVELOPMENT

Council plans to participate and become a member of the proposed Waikato Regional Economic Development Agency (WREDA), and the South Waikato economic initiative to develop a strategy and action plan for the economic development of the South Waikato sub-region to get the best possible return for our investment and to take advantage of the opportunity as part of a bigger collective. Refer page 12.

Do you support Council's proposal to participate in the WREDA and the South Waikato economic initiative? (our preferred option)

Yes  No

MY COMMENT: 1. Sports & Recreation Centre  
a. Because the High School Gym & the Stadium are at the end of their lives, something will be needed - it is clever to combine both and a basic need for the community - from 3 years old (Rug Rats gymnastics) to 90 years old (Keep fit), but most importantly our youth & teens - physical exercise, teammanship, fair play, and friendships - in a positive environment.  
b. To attract new families to the area this will be a very positive "plus", along with the Hospital, Les Monro Centre, swimming pool, library, & recreation parks - prospective newcomers will immediately see the possible benefits for the whole family.

### 3. Economic Development

a. Cycle Trail - Yes, now that our region has something WREDA & SWEI want, we really may get some advantage by participating.  
b. Te Araroa Walkway - Yes, now that our region has something WREDA & SWEI are interested in, they may benefit us if we join ...

### 5 PUBLIC TOILETS AT MOKAU AND WAITOMO VILLAGE

Council is proposing to upgrade the Mokau toilets to more appropriately meet user needs in the 2018/19 financial year (first year of the Long Term Plan).

Council is proposing to invest in public toilet facility at Waitomo Village in 2019/20. However, this will be subject to land ownership being vested to Council for such a facility.

The estimated cost of the two facilities will require an investment of approximately \$320,000 each. Refer page 14.

Which option do you choose?

#### OPTION 1 (PREFERRED OPTION)

Council should apply for external funding from the Tourism Infrastructure Fund (TIF) to cover 50% of the cost of these facilities.

If funding is obtained then proceed with the upgrade at Mokau in 2018/19 and new toilets at Waitomo Village in 2019/20.

OPTION 1

#### OPTION 2:

Council should not proceed with providing the new and upgraded facilities even if the external funding is obtained.

OPTION 2

MY COMMENT:

### 6 FUNDING WATER AND SEWERAGE SERVICES

- Council is of the view that the entire District benefits from adequate and environmentally sound Water and Wastewater services and
- these services should cost the same in each community. Refer pages 15-16.

Which option do you choose?

#### OPTION 1 (PREFERRED OPTION)

Council should implement the 'same service same rate' proposal phased in over four years (for water) and include 10% district benefit rate for all rating units across the district.

Under this option the water and sewerage assistance subsidies currently paid by all rating units in the district would be replaced with the district benefit allocation and the Piopio Wider Benefit Rating Area (PWBRA) sewerage rate would be removed.

OPTION 1

#### OPTION 2:

Council should stay with the current funding system which is - you pay for water and sewerage based on where you live and all rating units in the district pay an assistance rate for these services in smaller communities and PWBRA Sewerage rate remains.

OPTION 2

MY COMMENT:

Neither option - We get no service for  
water or sewerage, but pay over  
\$232 for sewerage alone, then  
an additional huge fee for  
emptying our waste in Council's  
facility — how is this fair?!?  
(We are on roof water & septic tank)

NEED MORE SPACE? Please attach additional paper with your name, phone number and page number on each sheet.
