Dear Brian and Chris,

I would like to make and speak to a submission on the Waitomo District LTP.

Essentially we would like the Council to make funding provision in the LTP to work towards leading or supporting a new ownership and management structure for the Waitomo village water and wastewater infrastructure. As you know, we *thi* regards the delivery of public water and wastewater services as a function of local government and would like to continue our discussions with the Council and all other interested parties with this aim. The costs of management and necessary upgrades to the facilities within the LTP period should also be taken account of within the LTP.

I look forward to continuing our discussions on this subject,

Many thanks

Gordon
