Do you agree with our proposal to change the existing 80km/h speed limit on a section of Oparure Road to 50km/h permanently?

Yes

Other comments

I do agree with reducing the speed limit to 50 km/h but not at 100m west of Fullerton road but to 100m east of Fullerton road and 800m west of Boddies road.

I live just past boddies road and my concern is the school buses that travels the road in the mornings and afternoons. My 10 year old child gets picked up at the corner of Boddies road and i wont let her walk to the corner because of the speed of cars that travel down towards that corner. Many times while waiting for the bus i have seen cars travelling at speed and hit the gravel that the council leaves at the corner of Boddies road which results in those cars almost hitting us. That corner is sharp and many cars and trucks have crashed with at least two fatalities within my time of living on Oparure road. The local kura bus has to travel to Boddies road to turn around so it is safe for the bus to pull in to the kura, and also while i sit at Boddies road waiting for the school bus for my daughter who goes to school in Te Kuiti , i have seen cars and truck slam to a halt because the kura bus is trying to turn around. Its about keeping us ALL SAFE, so please don't wait till there's more fatalities.

Public availability of responses

I wish to speak to Council about my submission

No
