Resource Management - explanatory notes

These fees and charges become operative on 1 July 2024 and will apply for all work carried out and decisions issued on or after 1 July 2024, irrespective of when the application was lodged with the Council.

157.00

Fixed charges

• The charges set out in this schedule are charges which are fixed pursuant to Section 36 of the Resource Management Act 1991 (RMA).

All such charges are stated inclusive of GST at 15%, however should the GST rate be amended, GST will be charged at the prevailing rate.

• All fixed charges are payable in full in advance. Pursuant to Section 36AAB (2) of the RMA, the Council will not perform the action or commence processing the application to which the charge relates until it has been so paid.

Note: Documentation or certificates will not be issued until payment of charges have been cleared.

Additional charges

Where a fixed charge is in any particular case inadequate to enable the Council to recover its actual and reasonable costs in respect of the matter concerned, the Council will require the applicant to pay an additional charge to the Council. The following may also be included as additional charges:

- If it is necessary for the services of a consultant to be engaged by the Council (including their attendance at any hearing or meeting) then the consultant's fees will be charged in full to the applicant as an additional charge;
- If any legal fees are incurred by the Council in relation to legal advice obtained for any particular application, including any fees incurred if Council's solicitor is required to be present at any hearing, mediations or meetings, these fees will be charged in full to the applicant as an additional charge;
- If any Commissioner hearing fees and associated costs are incurred in considering and determining any particular application, these fees will be charged in full to the applicant as an additional charge.

Purpose

The purpose of each fixed charge and any additional charge is to recover the actual and reasonable costs incurred by the Council in receiving and processing applications and in issuing decisions and monitoring performance of conditions.

Charge out rates for council officers and mileage

Charge out rates for Council officers are set out in this schedule and:

- Are fixed charges;
- If reference is made in the schedule to actual staff time, it will be charged in accordance with the relevant hourly charge-out rates;
- The charge-out rates for Council officers and for mileage will apply to all matters listed in the Schedule so that:
 - if the fixed charge which has been paid in advance is greater by more than \$20.00 than the actual and reasonable costs incurred by the Council relating to that application, a refund will be given when those costs are finally assessed; and
 - if the actual and reasonable costs incurred by the Council relating to that application are inadequate to enable the Council to recover its actual and reasonable costs then additional charges calculated for staff time at the same rate will be payable (as well as any other items of additional charge which may have been incurred)

Remission of fees

Staff with delegated authority may decide to reduce any charges Section 36AAB(1) of the RMA.
