Requirements
I wish to speak to Council about my submission
No

Proposal: WDC combines with other councils to deliver water services as a Council Controlled Organisation

Yes

Feedback and comments

Essential Services, like potable water provision, should be out of the hands of politicians and administration people. Too many influence the decision making negatively. These people should only make high level policy decisions. There is a serious lack of basic maintenance in the 3 Waters discipline in Waitomo (and other councils) that impact services. Flooding occurs due to the stormwater pipes being neglected and blocked up. Sewer pipe have gaps and manholes that allow ingress stormwater ingress that cause issues that the wastewater plant. Water mains leak and require urgent replacement. This is basic knowledge that staff do not take care of. Combining with other councils will remove some of these issues from local areas.
