

## Project Engineer | Civil Infrastructure, Buildings & Facilities

- Deliver infrastructure & facilities for the community
- Varied mix of projects & day-to-day work
- Rural, outdoors lifestyle ... from cycle trails to hiking, caving & skiing

Do you enjoy having variety in your day-to-day with a mix of office and site work and getting out and about, meeting with people? Does it give you a buzz to see your project progress and come to life? This hands-on Project Engineer role could be just what you're after. You'll get involved in a diverse range of projects from civil infrastructure to community facilities and buildings. You'll take the projects from early scoping, investigation, and preliminary design through detailed design, then tender award and construction stages. The result of your work will be improved infrastructure and facilities for the community.

You'll find Waitomo District is a great choice for lifestyle, community, and family. Rolling green hills, unspoilt native forests, dramatic limestone outcrops, cycle trails and mountain biking, caving, abseiling, and rafting ... Waitomo offers a special environment. We are centrally located with West Coast beaches, central North Island ski fields and lakes, and the city of Hamilton all located within an hour to two-hour drive.

### The Challenge

- Scope, plan, programme and implement projects within timeframes and budgets.
- Procure the services of and oversee delivery of consultants and contractors. This includes site visits, MSQA and contract administration.
- Resolve any technical or contractual issues that come up, with the support and guidance of the Principal Project Engineer or Programme Delivery Manager.
- Engage with iwi and the community, and form collaborative working relationships within Council and with contractors, consultants, regulatory bodies.
- Opportunity to contribute to Asset Management Planning and long-term Infrastructure Strategy if you're interested or experienced in this area.

### Your Skills

- Hold a civil engineering qualification and have a minimum of 4 to 5 years' experience that includes project engineering, construction supervision, project management.
- Prior local government project experience highly regarded.
- An excellent communicator and relate well to a diverse range of people.
- Proactive and organised with high standards.

We're a small council that is big on people. We work hard to have the right people working with us and are committed to building their capabilities. We offer flexible working, work-life balance, and a rewarding career where you can take initiative and ownership. If you're moving to the region, Waitomo District Council can offer practical support and some financial assistance.

**Click Apply Now or to find out more, contact Lisa Hulley on 027 688 8831**

**Applications close 10 July 2022.** We encourage you to apply promptly as we will assess applications as they are received.

Waitomo District Council has engaged Peak Recruitment to manage the recruitment of this position. Please direct all enquiries and applications to Peak Recruitment.
