Submission

Sub no.
For office use only Option 1

I agree with Council's preferred option to postpone the harmonisation of water supply rates until Year 4 (2024/2025).

 Option 2

I would prefer that Council keeps the status quo and complete this work as planned in Year 1 (2021/2022), noting this will largely impact Te Kuiti ratepayers.

My comment on this proposal

Some people employed by Council jobs to be reviewed as wages costs & contracts can have an huge increase of rates & are far in excess!

What do you think about our plans for projects and activities? (see Consultation Document)

Longer you wait higher the costs.

What do you think about our plans for finances and rates? (see Consultation Document)

Any other comments?
