Option B - Rate Option 5 : Not replace the Mōkau seawall with targeted fixed rate to Mōkau

**My comments on the Mōkau Seawall**

Te Whare Mokau ki Runga is one of the seven Whare (marae groupings) under Te Nehenehenui, and consists of representatives of the four marae (Te Paemate, Mokau Kohunui, Napinapi, and Maniaroa Maraes) and one of the registered papakainga (Te Kawau Papakainga) covering the area from Mapara in the north to Waipingao in the south. Te Naunau is an area of deep cultural significance to Maniapoto. The history of dispossession of the area and the recent history of building on this waahi tapu are well documented. As Mana Whenua of the area we support the option to NOT replace the Mokau Seawall. We do recommend that the council consider the installation of bollards, after the removal of the existing sea wall, to restrict vehicular access to the beach.
