Do you agree with our proposal to change the existing 80km/h speed limit on a section of Oparure Road to 50km/h permanently?

No

Other comments

There is no need to reduce the speed on this section of road as the loading zone for loading / unloading of school children off school buses etc is a long way off the oparue road. Traffic on oparue road does not impose any threats to the safety of the children.

We drive this road regularly with both heavy and light vehicles.

The current distance that is under temporary speed restriction is far too long and I'm sure you will find the heavy vehicle operators that regularly use and no this road drive to the conditions.

Public availability of responses

I wish to speak to Council about my submission
